**\$30 per month,
per child**

Daily Feeding Program

Unafaa works with local Chiefs, social workers, families, and school personnel to indicate children that are most vulnerable to dropping out of school due to financial strains on the families.

One of the main reasons children drop out of school is food shortages in their homes. Children will work all day collecting scrap metal to help pay for food for themselves and their households.

A full day of work collecting scrap metal equals about \$0.30 per day a loaf of bread is about \$0.65.

Unafaa has a goal to feed 30 children every day (Monday-Friday) at our Feeding Program and receive Weekend Food Packs for their families.

Our Children show up every day during their lunch break to receive a FULL meal along with prayer and Bible stories each day.
