

New Hope Campus Campaign

Corporate Sponsorships

Deadline: Before December 31, 2023, or before February 15, 2024

Quick Facts: An estimated 3.1 million orphans in Kenya and over 60% of the population live off less than \$2 a day!

Why the NEW HOPE CAMPUS CAMPAIGN:

Because you supported last year, Unafaa was able to purchase 8 acres of land in Kenya during the summer of 2022! The 8.5-acre compound will serve as housing for traveling team members, provide housing for staff members, apartments for aged-out orphans, offer an official size soccer field for outreach, farming for ministry and families, and a community center that will serve orphans, teachers, students, widows, street children, men, and women by offering training, certificates, workshops, counseling, and our Feeding Program. We exist to provide HOPE and LOVE because Every Orphan Matters. Learn more about our New Hope Campus at:

Unafaa International

Mission

Unafaa International seeks to minister to orphans, widows, victims of human trafficking, and underserved young adults in Kenya by being the catalyst to break generational poverty. By providing education and vocational training—along with healthcare, nutrition, emotional, and spiritual support—these young men and women may become the self-sufficient, self-sustaining people God created them to be.

Purpose

Unafaa International points the underserved to a redemptive path. It exists to communicate the message you matter in the practical, life-altering terms of feeding programs, healthcare, education, vocational training, and job placement. By partnering with local community-based organizations, Unafaa empowers young men and women to discover hope for their physical, mental, emotional, and spiritual lives.
