

UNAFAA IS A SWAHILI WORD, MEANING “YOU MATTER”

My Name is Ryan Bostater, I have lived in Dayton, Ohio since 1993. I am a graduate of Dayton Christian Schools and Cedarville University. For the last 14 years, I have been teaching in private education at Dayton Christian and Emmanuel Christian Academy. I am honored to call Washington Heights Baptist Church and Apex Community Church my home church.

I have been serving in Kenya since 2012, bringing HOPE to orphans, widows, and street children. In 2018, it was time to move into full-time ministry for Kenya and Unafaa International was created.

In 2021, Unafaa sent their second team to Kenya that included five of their board members. During this trip we received our Community-Based Organization (CBO) certifying our ministries in Kenya, filing for our Non-Governmental Organization (NGO) status, opening our PO BOX, receiving our official stamp for Kenya, and opening a bank account in Kenya.

In 2022, Unafaa was able to purchase 8 acres of land in Kikopey, Kenya. This property is perfectly located off the main highway, and close to many large cities, tourist attractions, churches, businesses, and schools.

The next phase for Unafaa will be bringing water and electricity to the land and purchasing our first ministry vehicle to further our ministries in Kenya. Next, we will be building our community center, housing for teams and staff, apartments for aged out orphans, soccer fields and community farming.

The total cost of these projects is estimated around \$260,000 and Unafaa needs to raise another \$235,000.

The Board of Unafaa International is asking for you to partner with us in a BIG way by donating to this God-size goal for our ministries to move forward in reaching the lost and fatherless in Kenya.

Ryan Bostater
